

OliveEssence Silky Moisturizing Body Spray

A blend of herbs and vitamins make this conditioning moisturizer a must for parched and chapped skin. Try it for stubborn dryness around nails, feet, elbows, and knees. You'll see and feel the difference. Recommended for all skin types.

Olive Oil Base: Smooths rough dry skin and over time, makes the skin look younger. We use olive oil because it has a structure that is quite similar to that of our skin fat. For this reason, it is easily absorbed and blends effortlessly with the hydro lipid mantle - the surface of the skin. It penetrates deep into the skin and delivers moisture into the recesses of the cells ridding the unpleasant sensation of tautness, dehydration, and irritation while preventing the formation of premature lines and wrinkles.

Calendula: Balances skin and contains properties to balance oil in the skin and minerals that help to maintain moisture.

Chamomile: Strengthens tissues and cells. Chamomile is well-recognized for its anti-inflammatory properties. It helps reduce puffiness and encourages cleansing of pores.

Herbal Blend: Blend of herbs that contain antioxidants and vitamins to soothe, refresh, and protect skin tissue. These vital plant extracts help maintain beautiful, nourished, healthy-looking skin. This complex of plant extracts has long been known for its hydrating, nourishing, and revitalizing properties.

Comfrey: Balances and softens skin. Also contains vitamins A, B-12, C, E, and Beta-carotene, Calcium, Protein, Silica, Zinc, and Allantoin (aids cell growth).
